Specifications:

*Note: Please provide transport and packaging costs Custom Lampshade - Manchester 2150mm x 1000mm x 750mm Based on the Manchester rough sketch below, we estimate the cost per pendant to be around R50,000. We are assuming that the Chichester style of weave will be used on the flat disk in certain places, and may also be used on the cones in certain places. There will be a single wrap on the cones as per the picture (no additional horizontal rings other than where the Chichester style of weave will be used). The frame rings will be made out of 12mm square tubing. We will requote once we get finalised drawing from you but hope that this is all in order for your budget meeting
