## CONSISTENTLY INCONSISTENT

---

Although we aim to show as many different colour variations as possible, these images are purely examples of our work. Customising your items is always an option. But please bear in mind, when you order directly from this catalogue, yours won't necessarily be identical to the pictures, it will be unique.

## ASHANTI DESIGN

---

Every inch of thread, frame and fabric is of Africa, from Africa and for Africa.

At Ashanti, we are 100% committed to our continent and operate on fair trade principles.

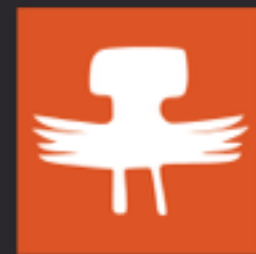

It is this relationship with skilled artisans that celebrates Ashanti's resourcefulness -  
an ability to create something from nothing; recycling, up cycling and turning waste in to wonder.

This is what enables us to bring the vibrant heart and craft of Africa comfortably in to contemporary spaces.

It is an amazing culture that we're proud to support and share with the world.

As an owner of an Ashanti design, you too become woven in to a community where your choice of style  
is not only authentic, but kind and conscious too.

Welcome! It's beautifully bright in here.
