Hi Ruth,

Any chance you can update the Pedersen and Lennard Salsbury wall light in the portal to note the arm length to be 1100mm long as per the below? If you can attach the email that would be great.

How did you go confirming if all items are now to be getting the freight estimate? If they have all gone off to Imperial, please let me know so I can touch base with them.

Thanks,
Ash

Hi Ashlea,

Yes, we are able to do this.

There will be no price difference to the 1500mm length as we will have to order it from our suppliers and there will be a setup fee involved on our suppliers side.

Regards,
Nash

Hi Nash,

Please confirm with Ashlea from nando's Australia if it will be possible / we will be willing to create a Salisbury lamp with a 1100mm reach rather than 1500mm reach? Similarly, please advise on the cost implications.

Thanks,
Gen

Hi Guys,

I'm hoping you can please advise on the below so we can finalise the project for delivery.

Kind Regards,

Hi Guys,

Hope you are well!

Studio Lynch & Zone Design has been liaising with you on our behalf as they have specified your Salisbury Lamp to be used in our Braeside Melbourne restaurant.

I have attached your original quote, we feel the 1500mm long arm is going to be too big. Can we customise this to be 1100mm long instead?

If you can please let me know and advise any cost difference that would be much appreciated.

Kind Regards,
Ashlea

Ps. Sorry Zeca, I will get it updated in the Portal once we hear back, if that's OK.
