Neil Grantham Studio - CUSTOM- BRUMA NGS SCREENS Custom-Bruma NGS Indoor Screen 2 720m		R 43,000.00	R 0.00	1.00	R 43,000.00

Indoor screen - 2720mm L, see attached drawings - Overall dims: 2720 length x 100mm thick x 2620mm high - Timber components of 780 x 630 x 100 that will stack together to form the frame - The components are joined together vertically to form 780 x 2520 height (at factory) and each vertical

Specifications: component joined together on site (there are 4 vertical components) - for easier transport - Materials: Mild steel frame at base and top_powder coated ferrograin black | Luna wood cladded frame coated in Rystix Armadek exterior spray sealer - I suggest that the corner supports are manufactured from metal in the same design as the other outdoor screen - the two materials could work together quite well

Neil Grantham Studio - CUSTOM- BRUMA NGS SCREENS Custom-Bruma NGS Outdoor Screen 3 040m	R 28,650.00	R 0.00	1.00	R 28,650.00
---	-------------	--------	------	-------------

Outdoor screen - 3040mm L - as per our meeting, see attached drawings Overall dims: 3040 length x 100mm thick x 3000mm high - End components (with return bend for stability) are 300mm wide x 300mm wide x 3000mm high - There'll be 2 middle sections at 1220mm length each from side to side - All components will connect together on site prior to installation into the ground surface (done by shopfitter) - Supplied with delivery is an installation guide plus fixings necessary to put units together -

Specifications: Materials: Mild steel frame_powder coated in ferrograin black | 105 turned timber components_oak / ash and sealed with a monocoat_colour TBC - Timber components are applied to frame prior to shipping (Timber components cut in half and then applied to tube with 2 grub screws) - As discussed we'll manufacture in sections for ease of transport and assembly - Detailed renders and construction drawings supplied prior to manufacture for sign off
